

THE MASTERS OF PUPPETS

11-19 MARCH 2026

RYMANOW, POLAND

Co-funded by
the European Union

SZTUKA EKOLOGII

ABOUT THE PROJECT

We're cleaning up our surroundings, transforming waste into art, and using storytelling to inspire care for the planet!

Join us and you will:

ACT: Take part in eco-cleanup activities and give discarded materials a second life.

BUILD: Create puppets and stage elements from recycled waste.

LEARN: Discover creative and digital ways, including AI tools, to promote environmental protection.

CREATE: Co-create eco-themed stories and a puppet show for children with a strong green message.

DEVELOP: Gain new skills, work in an international team, and become a young role model for sustainable change.

PARTICIPANTS PROFILE

Youth aged 18-30 years old who

- are interested in ecology and environmental protection
- are curious about creative education and storytelling for children
- are motivated to explore innovative ways of caring for the planet
- want to learn how art, theatre, and artificial intelligence can support social change
- enjoy hands-on creation, especially transforming waste into puppets, props, and meaningful artistic works
- are open to teamwork, intercultural exchange, and becoming active role models for sustainable lifestyles

Priority will be given to individuals of fewer opportunities

VENUE

The project will be held at the “Jaś Wędrowniczek” located outside the city of Krosno.

<https://jas-wedrowniczek.pl/>

Participants will be accommodated in rooms of 3-4 people with private bathrooms. Breakfast, lunch and dinner will be provided by the hotel, considering dietary needs.

PARTICIPATING COUNTRIES

5 participants + 1 group leader
